## What is it?

The Silhouette Portrait™ is an electronic cutting tool for personal use. Like a home printer, it plugs into your PC or MAC® with a simple USB cable. However, instead of printing, the Portrait uses a small blade to cut your designs into a wide array of materials.

Print full-color images on your home printer and cut them out with your Portrait

No expensive cartridges to buy and store—only purchase the individual designs you want

Easily adjust your designs and text to cut as small as 1/4" and up to 8" wide and 10 feet long

Silhouette Studio® design software included

Cut fonts already installed on your computer

Download new designs anytime from the Silhouette Online Store

Replace your blade holder with a Silhouette sketch pen to sketch digital designs

Cut a variety of crafting materials from vinyl to fabric to cardstock
